RE: Xcel Energy's ENERGY STAR® New Homes Update

Participating Colorado Homebuilders and Raters:

Program Update:

The ESNH Program processed 455 completed houses during the June 2021 billing period. Approximate year-to-date net energy savings are 52,706 Dekatherms and 2,566,699 kilowatt-hours. Total year-to-date builder rebates earned are approximately \$1,463,670.

Xcel Energy ENERGY STAR New Homes Awards:

The 2021 Xcel Energy and Residential Science Resources ENERGY STAR New Homes Award winners have been chosen. These awards were created as a way to recognize builders and raters for their outstanding energy efficiency work. We selected award winners from the full pool of program homes in 2020.

Best Individual Combo Home, Rater	EnergyLogic, Inc
Best Individual Combo Home, Builder	Thrive Home Builders
Best Individual Electric Only Home, Rater	EnergyLogic, Inc
Best Individual Electric Only Home, Builder	L&D Construction
Best Individual Gas Only Home, Rater	Burgess Construction Consultants
Best Individual Gas Only Home, Builder	Meritage Homes
Best Combo Rater Overall	Deeper Green Consulting
Best Combo Builder Overall	Latsis Custom Homes
Best Gas-Only Rater Overall	PCD Engineering
Best Gas-Only Builder Overall	Fort Collins Habitat For Humanity
Most Improved Combo Builder	L&D Construction
Most Improved Gas-Only Builder	Dream Finders Homes

2020 Program Homes:

Any homes with a site visit date of 2020 need to be submitted to the program by **July 31st**. These homes are still eligible for full rebates so long as they are submitted on or before July 31st and meet all program requirements. For any homes in question please feel free to reach out using the contact information below.

Administrative Update:

COVID-19 and keeping all program participants and supporters safe and healthy remains our highest priority.

Residential Science Resources and Xcel Energy expect field personnel to follow trade, local, and state health and safety guidelines to the best of their ability.

As a result of positive long-term trends and having little more to add to the topic, this will be the last monthly update with COVID-19 updates. Thank you for your patience, understanding and diligence over the last 16 months.

Thank you again for your continued support of Xcel Energy's ENERGY STAR New Homes Program and please do not hesitate to contact me if you have any questions or concerns.

Sincerely,

Hannah Engelhart
